

Key Stage 2 Results

We are **delighted** with the children's results. Every child worked hard to achieve their very best putting in tremendous effort and hard work. It is also a reflection of the continued dedication of *all* of our staff.

School and National Comparisons

This information allows you to compare your child's performance at the end of Key Stage 2 with the attainment of other year 6 pupils in our school and across England.

You can see that we have achieved notably higher than national in reading, writing, grammar, maths and the combined measure. The children's average scaled scores for all subjects are amazing!

In a cohort of 17 (16 mainstream and one in Woodlands) each child represents 5.9%

This year, there will be no national progress measure as the children did not take national tests in KS1 due to the covid pandemic.
