|  | School % | National % |
|---|---|---|
| Maths | 22% | 24% |
| Reading | 11% | 28% |
| Writing | 28% | 20% |

What we did to improve for this year.

We started the new academic year with a thorough investigation of what the gaps were in 2017 were and ensured that we addressed them quickly.  As a result we have targeted our Higher Attainers in both Maths and English, adapted our planning for guided reading, focussed on 'greater depth' and reasoning in Maths, built in more focussed  interventions for the Y6 cohort and refined our assessments so that we aim for 100+ rather than a band.

Our focus for the next academic year is challenge in Maths and Reading at a higher level.
